Work Smarter Not Harder

DRIVERS ♦ TRUCKS ♦ MANAGEMENT

At PTG Logistics we implement solutions that allow our clients to work smarter not harder. We utilize process flow charts, value-added and non valued-added diagrams, warehousing best practices and throughput analysis to evaluate and improve your distribution operations. We streamline your operations by analyzing your process flow and by implementing process improvements that eliminate non-value-added activities that enable more efficient distribution operations.

We can manage the handling of your products with personnel and state-of-the-art equipment:

- Warehouse distribution handling**
 - Packing, shipping & tracking
 - On-time delivery
- Personnel management**
 - Payroll administration
 - Workers' compensation
 - Coordination with suppliers
